REMEMBERING FRED

Fred Nemergut was a great friend, colleague, husband, father - and golfer! - whom we are pleased to remember with this tournament.

During his long career, Fred served on the Energy Program Staff of the New England Regional Commission, as Director of Policy and Planning for the Massachusetts Executive Office of Energy Resources, and Vice President of J. Makowski Associates. He was also one of the five founding members of Reed Consulting Group, where he served as Vice President until it was acquired by Navigant Consulting in 1998. He remained at Navigant as Director until his retirement.

Fred served as NECBC president in 1994-96, was a longtime member of the NECBC Board of Directors, and was the founder of the NECBC's annual U.S.-Canada Energy Trade & Technology Conference which celebrated its 25th anniversary last fall.

Fred was actively involved in many professional organizations, including serving on the Board of Directors for the Maple Leaf Foundation.

The NECBC was pleased to recognize Fred in October 2016 with an award presentation recognizing him as one of the original founders of the NECBC when it was established 35 years ago.
