About the Maple Leaf Foundation

The Maple Leaf Foundation (MLF) is a not-for-profit organization, dedicated to the advancement of understanding between Canada and the United States of America. We accomplish this through our new scholarship and the annual student exchange program. The student exchange matches a US-based, inner-city, public high school, with a counterpart high school in Canada. Since its inception, more than 25 years ago, over 400 students have benefited from this once in a lifetime experience.
